

Techno Terminal — Application Features Checklist

Use this document to walk through the system page-by-page with the client to verify each feature, control, configuration, and interface capability.

1. Authentication & Security Flow

Sign In Page (/login)

- ☐ Email / Username text input
- ☐ Password text input with show/hide password visibility toggle (eye icon)
- ☐ Sign In submission with validation (checks for empty fields and formatting)
- ☐ Custom user role handling (redirects active users to dashboard, displays error for deactivated accounts)
- ☐ "Forgot Password?" navigation link
- ☐ "Sign Up / Register" navigation link (for new users)

Registration / Account Sign-Up (/register)

- ☐ Full Name text input
- ☐ Email Address text input
- ☐ Primary Phone Number text input
- ☐ Password and Confirm Password inputs with matching validation
- ☐ Direct redirect to Login screen upon successful registration

Recovery / Forgot Password (/forgot-password)

- ☐ Email Address text input
- ☐ Submit button to trigger password reset instructions link via email
- ☐ Confirmation success state with instructions panel

Password Reset Callback (/reset-password)

- ☐ Secure token validation from incoming callback URL
- ☐ New Password and Confirm Password inputs
- ☐ Submits updates directly to backend database and forces login redirection

2. Main Dashboard (/dashboard)

Quick Actions Panel

- ☐ **Enroll Student** quick link (opens Enrollments portal)
- ☐ **Search Directory** quick link (opens CRM/Directory page)
- ☐ **Create Receipt** quick link (opens Finance page)
- ☐ **Today's Session Counter** (displays count of groups scheduled for the selected day)

Calendar Navigation & Filters

- ☐ **Day Selector Bar:**
 - ☐ Displays 7-day horizontal calendar bar with weekdays and dates
 - ☐ Highlights the active selection
 - ☐ Tapping a date filters the active groups session list below
- ☐ **Instructor Selector Bar:**
 - ☐ Shows a horizontal bar listing scheduled instructors for the selected date
 - ☐ Filters out "TBA" from the list of selectable filters
 - ☐ Filters scheduled sessions to only display the chosen instructor's groups

Desktop Session List & Attendance Sheet

- ☐ Lists all groups scheduled for the selected day
- ☐ Displays group name, course name, instructor name, and time slots
- ☐ Displays Level/Session Progress indicator (e.g., "Session 5 of 12", "Level 2")
- ☐ Renders expandable Student Roster check-in drawer:
 - ☐ Displays checklist of students enrolled in the group
 - ☐ Inline check-in / check-out checkboxes
 - ☐ Real-time updates saving attendance status (Present / Absent) to the database

Mobile Dashboard Experience

- ☐ Responsive navigation header (collapses sidebar into a bottom navigation bar)
- ☐ Mobile-first Day and Instructor Selector components
- ☐ **Mobile Group Cards:**
 - ☐ Collapsed cards optimizing screen space
 - ☐ "Check Attendance" CTA opening mobile sheet drawer
- ☐ **Attendance Mobile Sheet:**
 - ☐ Slides up from bottom of the screen
 - ☐ Lists students with large, finger-friendly "Check In" and "Check Out" toggle buttons
- ☐ **Floating Action Button (FAB)** for rapid access to quick actions

3. CRM & Directory (/directory)

Directory Navigation Tabs

- ☐ **Students Tab:** View active student registry
- ☐ **Parents Tab:** View parent/guardian contacts registry
- ☐ **Waiting List Tab:** View list of students waiting for course openings
- ☐ **Advanced Search Tab:** Multi-variable filter panel (Grade, Age, School, Status)

Global Actions & Filters

- ☐ Main Search Bar (queries names, phone numbers, and emails)
- ☐ **Alphabet Slider Bar (A–Z):** Filters items based on first letter of name
- ☐ Grouping filter dropdown (e.g. group by Grade, School, or Grade level)
- ☐ **Add Student Button** (opens modal):
 - ☐ Inputs: Full Name, Date of Birth, Gender, School, Grade Level, Notes
 - ☐ Associated parent selector (search and link)
- ☐ **Add Parent Button** (opens modal):
 - ☐ Inputs: Full Name, Phone Primary, Phone Secondary, WhatsApp Number, Email, Home Address, Relationship type
- ☐ **Trash Bin toggling:**
 - ☐ Toggle button to "Show Deleted" (displays soft-deleted records)
 - ☐ Restore button (reverses soft deletion)
 - ☐ Hard Delete button (permanently purges the record)

Student Detail Profile Page (/students/:id)

- ☐ Student identity header card (displays name, status badge, grade, age, school, and registration details)
- ☐ Parent / Guardian relationship card:
 - ☐ Shows primary parent name, phone, email, and relationship
 - ☐ Edit parent connection button (link to existing parent or swap)
 - ☐ Unlink parent relationship option
- ☐ Siblings connection panel (links to related students)
- ☐ **Enrollments Overview:**
 - ☐ Lists active course enrollments, current levels, and associated groups
 - ☐ Displays enrollment details (Original Cost, Discount applied, Final Price, Date Enrolled)
 - ☐ Direct quick link to modify or drop the enrollment
- ☐ Course-level history list
- ☐ Competitions & Teams tracker (lists teams student belongs to and placement ranks)
- ☐ Invoices & Payment History grid:
 - ☐ Displays payment logs for all enrollments
 - ☐ Tracks balance, paid amount, and outstanding dues per invoice
- ☐ **Student Activity / Audit Log:**
 - ☐ Displays chronological timeline of all student actions (check-ins, enrollment modifications, payments collected)

Parent Detail Profile Page (/parents/:id)

- ☐ Contact details card (displays address, phones, email, WhatsApp status)
- ☐ Connected Children List:
 - ☐ Renders details for each linked child
 - ☐ Navigation link directly to child's profile
 - ☐ "Add Child" quick association button

4. Academic Course Catalog (/courses)

Course Index Page

- ☐ Switch views between Grid Cards and Table rows
- ☐ Search bar for course title or category keywords

- ☐ Pagination controls (10, 20, 50 records per page)
- ☐ Column sorting headers (ID, Title, Category, Price, Session Count)
- ☐ **Create Course Modal:**
 - ☐ Inputs: Title, Category, Price per Level, Session Count per Level, Description, Status (Active/Inactive)
- ☐ **Edit Course Modal:** Pre-fills fields for modification
- ☐ **Delete Course Dialog:** Confirms deletion (blocks deletion if active groups are using it)

Course Details Page (/courses/:id)

- ☐ Stats Strip (displays active groups count, total enrolled students, average attendance rate)
- ☐ **Details Tab:** Detailed list of course duration, level fees, status, description, and setup dates
- ☐ **Groups Tab:**
 - ☐ Lists all active, completed, and archived groups assigned to the course
 - ☐ Grid displays: Group Name, Instructor, active Level, student capacity count, group status
 - ☐ Direct navigation to group detail view upon selection

5. Academic Groups & Rosters (/groups)

Groups Directory Index Page

- ☐ Layout toggle (Table list or Grid Cards)
- ☐ Search bar for Group Name
- ☐ **Group By Selector Bar:**
 - ☐ Group by Day (filters list by days of the week)
 - ☐ Group by Instructor (filters by assigned instructor)
 - ☐ Group by Course (filters by course catalog)
 - ☐ Group by Status (Active, Completed, Archived)
- ☐ **Advanced Filter Toggle Panel:**
 - ☐ Multiselect Course filter
 - ☐ Multiselect Instructor filter
 - ☐ Multiselect Days of the week filter
 - ☐ Multiselect Levels filter
 - ☐ Multiselect Status filter (Active, Completed, Archived)
- ☐ Filter Tags strip (shows active filters with single-click removal cross buttons and "Clear All" link)
- ☐ Pagination control (supports 10, 20, 50, 100 rows per page with page index)

- ☐ **Create Group Modal:**
 - ☐ Inputs: Group Name, Course, Instructor, Capacity limit, Start Date
 - ☐ Schedule Builder: select Day, Start Time, End Time
- ☐ **Edit Group Modal:** Allows updating schedule, instructor, name, capacity, and start date

Group Detail Page (/groups/:id)

- ☐ Group description header (status badge, assigned instructor, course, capacity, and active level)
- ☐ Quick actions: Edit Group, Archive/Unarchive Group, Delete Group
- ☐ **Level Up / Progress Level buttons:**
 - ☐ Level Up: Instant migration to next level using default settings
 - ☐ Progress Level Dialog: Advanced progression allowing changes to Group Name, Instructor, Course, or custom Price Override for the next level
- ☐ **Levels & Sessions Tab:**
 - ☐ Displays all academic levels the group has gone through
 - ☐ Shows session attendance checklist and log per level (Session Number, Date, Time, Attendance Rate)
 - ☐ Shows Level Payments overview (compares fees due, paid, and outstanding for all students in the level)
- ☐ **Roster & Student management:**
 - ☐ Lists all students in the active level
 - ☐ Renders payment status badges: Paid (Green), Partial (Blue), Pending (Amber)
 - ☐ Renders remaining balance for each student
 - ☐ **Add Student to Group** (opens combobox selector)
 - ☐ **Remove Student from Group** (removes student from roster; blocks if they have already paid fees for the level)
 - ☐ **Roster Payment Dialog** (opens within level roster):
 - ☐ Records payment for the student
 - ☐ Optional parent association search
 - ☐ Logs payment in finance ledger, and prints/emails receipt
- ☐ **Roster History Tab:** Logs additions, drops, and graduations of student members with timestamps
- ☐ **Competitions Tab:** Displays team achievements and registrations linked to this group

6. Enrollments Management (/enrollments)

New Enrollment Panel (EnrollPanel)

- ☐ Student selection (searchable combobox)
- ☐ Course catalog selector
- ☐ Target Academic Level selector
- ☐ Target Group selector (automatically displays groups matching selected course/level and with open seats)
- ☐ Discount field: Flat EGP discount or percentage discount options
- ☐ Pricing Breakdown section: shows standard course price, discount deduction, final amount due
- ☐ Payment Method Selector: Cash, Card, Installment Plan
- ☐ Confirmation submit button (generates enrollment, assigns student to group, and creates billing invoice)

Modify Enrollment Panel (ModifyEnrollmentPanel)

- ☐ Select active student enrollment to modify
- ☐ Discount adjuster (modify flat discount or percentage)
- ☐ Override standard price field
- ☐ Live billing updates breakdown (compares original cost, paid amount, new amount due, and remaining balance)
- ☐ Form submission validation (blocks modifications that would result in a negative remaining balance)
- ☐ Explanatory Notes text input (stored in enrollment metadata for audit logs)
- ☐ Automatically dispatches email update to parent inbox upon save

Drop Enrollment Panel (DropEnrollmentPanel)

- ☐ Select enrollment to drop
- ☐ Unpaid balance choices:
 - ☐ Forgive outstanding balance (adjusts billing invoice to match amount already paid)
 - ☐ Request outstanding balance (keeps outstanding dues active in billing)
- ☐ Drop date selector and Reason text area input
- ☐ Submits updates, de-registers student from group roster, and locks enrollment status to "Dropped"

7. Financial Ledger (/finance)

Today's Receipts Tab

- ☐ Renders a table of all receipts printed/processed today
- ☐ Columns: Receipt ID, Student, Parent, Amount Paid, Payment Method, Date/Time
- ☐ Action: View PDF receipt attachment in a new browser tab for printing/saving

Create Receipt Tab

- ☐ Student selector (searchable combobox)
- ☐ Associated parent selector (auto-links if parent is connected to student; allows custom parent selection search)
- ☐ Lists student's enrollments with unpaid balances
- ☐ Amount Paid text input (supports full or partial payments)
- ☐ Payment Method selector: Cash, Card, Bank Transfer, Instapay
- ☐ Submit button (updates student's remaining balance, creates receipt log, and emails receipt to parent)

Unpaid Enrollments Tab

- ☐ Lists all students with outstanding balances across the system
- ☐ Table displays: Student Name, Parent Contact, Course, Group, Total Cost, Amount Paid, Balance Due
- ☐ Action: "Collect Payment" button (navigates directly to Create Receipt tab pre-filled with student details)

Refunds Tab

- ☐ Interface container (placeholder panel for refund records and voiding receipts)

8. Competitions & Projects (/competitions)

Competitions Index Page

- ☐ View switchers (Table or Cards view)

- ☐ Search bar by Competition Title
- ☐ Add Competition Modal:
 - ☐ Inputs: Name, Location, Registration Fee, Date, Description, Status
- ☐ Edit Competition Modal
- ☐ Delete Competition confirmation (blocks if teams are registered)

Competition Profile Details (/competitions/:id)

- ☐ Header summary (title, location, date, fee per student, total teams, total participants)
- ☐ **About Tab:** Displays date, rules/description, and location details
- ☐ **Categories Tab:**
 - ☐ Add Subcategory form (creates division/age category)
 - ☐ Lists teams registered per subcategory
 - ☐ **Register Team Button:**
 - ☐ Inputs: Team Name, Coach selection, Subcategory selection
 - ☐ Participant selector (search and add multiple students)
 - ☐ Custom registration fee input
- ☐ **Teams Tab:**
 - ☐ Lists all registered teams
 - ☐ Renders team name, coach, category, participants count, and payment state
 - ☐ "Pay Fee" modal launcher for quick payment collection
 - ☐ **Placement Ranking Form:**
 - ☐ Input Rank Number (e.g. 1st, 2nd, etc.)
 - ☐ Input Rank Label (e.g. Gold, Silver, Bronze, or Certificate of Merit)

Team Profile Detail Page (/teams/:id)

- ☐ Team identity header (name, placement rank badge, coach, category/subcategory)
- ☐ Actions: Edit Team details, Delete Team (blocks if member payments exist)
- ☐ **Project Panel:** Displays Team Project Name and Project Description
- ☐ **Roster & Members Tab:**
 - ☐ List of students registered on the team
 - ☐ Show Member Due, Paid, Remaining fees, and Status badge (Paid, Partial, Pending)
 - ☐ Action: **Remove Member** (de-registers member; blocks if payment exists)
 - ☐ Action: **Add Member** (composes combobox search to add new student)
 - ☐ Action: **Collect Member Payment:**
 - ☐ Input amount, select payment method, select paying parent (optional)
 - ☐ Updates team roster balance, saves invoice log, and emails receipt

- ☐ **Placement Management Section:** Sets and saves placement rank and certificate label

9. Staff & HR Management (/staff)

Staff Index Page

- ☐ Search bar for staff member names
- ☐ Quick filter options by employment type (Full-time, Part-time, Contractor)
- ☐ **Add Employee Modal:**
 - ☐ Inputs: Full Name, Job Title, Employment Type, Phone, Email, Salary, Hire Date, Status
- ☐ **Edit Employee Modal:** Modifies employee fields
- ☐ **Employee Profile Card:** Displays employee details, role, contact info, salary, and status
- ☐ **Account Creation Modal:**
 - ☐ Links employee record with an authentication account
 - ☐ Inputs: Email, Password, System Role (System Admin, Admin, Instructor, Agent)
- ☐ Pagination controls for staff index

10. Global & Admin Settings (/settings)

Profile Tab

- ☐ Personal details editor (Full Name, Phone Primary, Avatar upload)
- ☐ **MFA Security Settings:** Shows Multi-Factor Authentication status with setup wizard

Active Sessions Tab

- ☐ Lists all browsers, devices, OS platforms, and IP locations currently logged into this account
- ☐ **Sign Out Other Devices** CTA (invalidates other session cookies/tokens)

User Accounts Tab (Admin / System Admin only)

- ☐ Table of all system user accounts
- ☐ Displays Name, Email, Role, Account Status
- ☐ **Invite User Dialog:** Email input, select system role, sends invite email
- ☐ **Soft-Deactivate Toggle:** Disables user login capabilities without purging data

- ☐ **Delete User Account CTA:** Permanently purges user auth login credentials

System Audit Log Tab (System Admin only)

- ☐ Chronological feed of all logins (successful, failed attempts) with IP addresses and browsers
- ☐ Log of system configuration changes (password updates, user deactivations)

11. Bulk Messaging & Notifications (/notifications)

Automated Alerts Setup

- ☐ Configuration selectors for automated payment alerts, enrollment warnings, and progress reports

SMTP & Dispatch Logs

- ☐ Renders table of notifications sent (Recipients, Type e.g. Email/WhatsApp, Status e.g. Sent/Failed, Sent Time)
- ☐ Action: "Resend Notification" button

Bulk Message Dispatcher

- ☐ Target audience filter (e.g. send to all students, parents, specific course, or specific group)
- ☐ Message composer (rich text area supporting variables like `{{student_name}}` , `{{parent_name}}`)
- ☐ WhatsApp & Email dispatch toggle switches
- ☐ Dispatch Progress Monitor (tracks send count, success rate, and completion status)
